- Tools & Platforms: Git, GitHub, VS Code
- Currently Learning: Node.js, Express.js, MongoDB, REST APIs

PROJECTS

ShopZen — Modern E-Commerce Frontend Platform | HTML, CSS, JavaScript | [Live Demo](#) | [GitHub Repository](#)

- Built a responsive e-commerce website with product browsing, search, filtering and shopping cart features.
- Added login/signup, wishlist, order history and checkout flow using localStorage.
- Added simple animations and interactive features to make the website more user-friendly.
- Designed the website for 36 products across 6 different categories.

EXPERIENCE

Frontend Web Development Intern — Eutropia IT | Feb 2026 – Jun 2026

Completed as part of the Industrial Training course at University of Asia Pacific.

- Developed the ShopZen e-commerce frontend using HTML, CSS and JavaScript.
- Worked on product listing, search, filtering, product details and shopping cart features.
- Made the website responsive and used Git/GitHub for version control.
