NAFISA ALI

FRONTEND DEVELOPER | CSE GRADUATE

01701667490 | nafisaali50491@gmail.com | Dhaka 1215, Bangladesh
GitHub: github.com/nafisaalicodes | LinkedIn: linkedin.com/in/nafisa-ali-cse/

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with hands on experience building responsive, user friendly web interfaces using HTML, CSS, JavaScript, React.js, and Next.js. Experienced in developing interactive frontend projects, translating requirements into reusable UI components, and managing code with Git and GitHub. Strong problem solving, teamwork, and attention to detail skills. Seeking a Junior Frontend Developer role to contribute to reliable, accessible, and engaging web experiences.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Responsive Web Design, Component-Based UI, DOM Manipulation
Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Styling: Tailwind CSS
Tools & Platforms: Git, GitHub, VS Code, Vercel
Additional Knowledge: Node.js, Express.js, MongoDB, REST APIs

PROJECTS

Bazar Dor — Market Price Web Application | Next.js, TypeScript, Tailwind CSS | Live Demo | GitHub Repository

- Built a responsive market price interface with product and category listings, product details, sorting, and price change information.
- Integrated API data and developed reusable UI components using the Next.js App Router and TypeScript.
- Implemented authentication related flows and responsive layouts for desktop and mobile users.

FitLog — Workout Planning Application | Next.js, TypeScript, Tailwind CSS | Live Demo | GitHub Repository

- Developed a responsive workout planning interface with workout details and a personal plan feature.
- Used client side state and localStorage to save a user's daily workout plan and track completed items.
- Added loading and not found experiences to improve navigation and usability.

ShopZen — E-Commerce Frontend | HTML, CSS, JavaScript | Live Demo | GitHub Repository

- Built a responsive e-commerce frontend with browsing, search, filtering, and cart features across 36 products in 6 categories.
- Implemented login/signup UI, wishlist, order history, and checkout flow using localStorage for client side state.
- Created interactive UI elements and animations to support a smooth shopping experience.

EXPERIENCE

Frontend Web Development Intern | Eutropia IT | Feb 2026 – Jun 2026
Industrial Training course, University of Asia Pacific

- Built the ShopZen e-commerce frontend from the ground up using HTML, CSS, and JavaScript.
- Developed product listing, search, filtering, product detail, and shopping cart UI components.
- Improved cross device responsiveness and used Git/GitHub for version control.

EDUCATION

B.Sc. in Computer Science and Engineering (CSE) | CGPA: 3.50
University of Asia Pacific, Dhaka | 2022–2026

Higher Secondary Certificate (HSC) | GPA: 4.50
BAF Shaheen College, Jashore | 2018–2020

Secondary School Certificate (SSC) | GPA: 4.56
Sacred Heart Secondary School, Jashore | 2016–2018

CERTIFICATIONS & ACHIEVEMENTS

- AI-Driven Full Stack Web Development — Programming Hero
- HTML & CSS Bootcamp — Programming Hero | Git & GitHub — Simplilearn
- Received the Dean's Award three times for academic performance at the University of Asia Pacific.

LANGUAGES

Bengali — Native | English — Professional Working Proficiency
